5. Additional Information. (Space will expand to fit your text.)					
This project was made possible by transfering a TRM grant from another project. This site has along history of animal waste violations related to an undersized manure storage facility. The LWCD has responded to a number of calls to the site due to overtopping of the manures storage. The operation has been under more than one ownership.					
6. Summary of Project Challenges. (Space will expand to fit yo	our text.)				
Manure Storage Facility was installed without any complications or c		al design.
